

# RETURNING TO THE WORKPLACE

## Suppliers of PPE, screens and graphics

Do you need PPE, deep cleans, social distancing stickers or other health and safety equipment?

HWBIDCo have put together a useful list of local and national providers of PPE and other health and safety equipment for businesses.

Maintaining high levels of hygiene at your business premises will minimise the spread of COVID-19, whilst your obligation as an employer means you must implement social distancing measures and help limit your staff and customers' day-to-day contact with other people. Opposite you will find products our suppliers can source for you.

We are looking to negotiate bulk purchase deals, so do let us know your PPE requirements so that we can help make this purchase more cost effective for your business.

Alternatively, if you need more information or wish to add yourself as a supplier, please contact the HWBIDCo team. We have been working to provide businesses with internal and external floor stickers and markers to assist with in-store social distancing. For more details email [info@hwbidco.co.uk](mailto:info@hwbidco.co.uk).

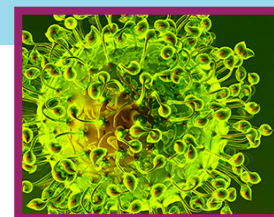

### SCREENS & SOCIAL DISTANCING GRAPHICS
